

Chairperson Message

I extend a warm welcome to all the International and National Delegates who are participating international conference on Public Health: issues, challenges, opportunities, prevention and awareness-2016. Delegates from far and wide places have participated in the conference. I am happy that delegates from Egypt, Algeria, Karnataka, Lucknow, West Bengal, Jameshedpur, Rohtak, Aligarh, Sonapat, Delhi etc. have contributed their knowledge to various issues of public health. I am proud that our college has been the venue for organizing this conference. This has given opportunity to faculty members and students from most of the departments of the college to participate. Public health is a matter of concern for everybody. I am thankful to all the dignitaries who have graced the occasion and have shared their knowledge with us on these issues. I am also grateful to all the scientists and faculty members who have chaired the various sessions.

I take this opportunity to thank Dr. G. C. Mishra the Organising Secretary to have supported the conference. The memorandum of understanding with the NGO “Krishi Sanskriti” to support the conference has made it possible to organize it in our college. This has raised our college status to a new level. I sincerely hope that many more such efforts are made so that similar events can be organized regularly wherein our faculty and students can participate in large numbers.

I also appreciate the endeavours of Principal Dr. Savita Roy, Conveners Dr. Sarita Nanda, Dr Anju Jain to motivate the faculty and students to participate in big number. My good wishes remain with all the organizers of the conference.

Sd-

Dr. Suneeta Sudarshan
